# Scribblings

Wow, the branch is now 40 years old. I wonder if those who attended the first official meeting believed that it would still be in existence all those years later. And I wonder whether they could have dreamed of the range of bikes that Triumph is producing these days when, in 1977, the Meriden Co-Op was limited to single-carb and twin-carb variants of a 750cc push-rod twin – the origins of which lay with the 1938 Speed Twin.

In the latter days of the factory the production line was largely based around equipment that was a couple of decades old. The oldest kit in the factory must have been the acid baths – which had been rescued from the remains of the Priory Street works destroyed in the Coventry blitz. The tour guide used to point out the shrapnel marks!

## New Members

Only one new member to welcome to the Branch this month...

Richard Davies of Wootton

We may well gain a few more when the four new Bonneville 900 variants: Bobber, Street Cup, T100 Black and Street Scrambler; start to reach their owners. This month's cover picture was taken at the very successful launch night at Wellingborough (and thanks to the shop for permission to use it).

## Membership Renewals

The Branch only sends membership forms off to HQ for processing twice a month (normally on the weekend after a club night). So, if you are posting off your renewal it will generally be quicker for you to send the form and cheque direct to the HQ address in Horley rather than to the Branch Membership Secretary.

Don't worry about the money as the Branch receives the same amount per person regardless of the method used to renew.

Alternatively, you can renew on-line via the club's website: <http://www.tomcc.org/Membership.aspx>; paying by credit card or PayPal account.

And if you do send your renewal to me make the cheque out to Triumph Owners MCC and not to Ian Sargent!

---

Non-club members are welcome at all events unless specifically marked otherwise. Listen out for details at club nights, or check with committee members beforehand in case of short-notice alterations or cancellations. Except where indicated, club nights start at 8pm.

## Triumph Owners MCC 2017 National A.G.M.

On the 2<sup>nd</sup> April 2017 the Northants Branch will be hosting the Annual General Meeting of the Triumph Owners Motorcycle Club at the Wellingborough Old Grammarians Memorial Sports Ground, Sywell Road, Wellingborough. Registration opens at 10am with the meeting starting at 11am – you will need your current TOMCC membership card to register.

All full members will receive an agenda through the post prior to the meeting.

As the Northants Branch is hosting the meeting we will we will need assistance from our members in erecting direction signs to the venue and car parking duties, starting at 9am on the Sunday. If you would like to help out with this task please speak to Chris Dickens.

This will be the second time that the AGM has been held in Northamptonshire. For many years the venue was the works canteen at the Meriden Factory but with the demise of Triumph in 1983 a new location was required for the following year. HQ accepted the branch's suggestion of Billing Aquadrome and so that was the venue for 1984. With some people camping over the branch also hosted a band and disco in the Aquadrome's function room on the Saturday night.

For 1985, and several years afterwards, the AGM was held at the National Motorcycle Museum.

## 40 Years Old This Month

The first official Meeting of the Northampton branch was held on 9th March 1977 and this was the Inaugural General Meeting. Founding Chairman Mike Arnesen provided some details about this

“The history is a bit blurred now because in the mid 70s I was a bit busy: RAC/ACU instructor/examiner, active in Northampton branch committee, active on TOMCC national committee, active in Northampton MCC, active in AJS & Matchless Owners in Stony Stratford, and active in MAG national committee; weekend racing and hill climbs; plus a job change and things have got a bit confused.

Certainly I think the branch was up and running well before 1977 because I bought my T150V in 74 and was racing it at Lydden in 76-77, and I had a T100SS before that as qualifier for the club. I raced the Trident standard for 1 year and for 1 year with 3 into 1 can in 77.

It was possibly around 77 that finally HQ recognised the branch (and the meets started at The Artichoke), because they often had problems with false starts for branches. For a while we met at the Black Horse on Wolverton Road, well known at the time as biker friendly. Can I as hell as like remember the other meeting places (bet Steve Eke would know if you can find him). My guess is the branch originated about 73-74, though to start with as a bunch of Triumph riding members of Northampton Motorcyclists Club.”

Here's an extract of the minutes from that first official meeting...

Triumph Owners MCC  
(Northampton Branch)

Minutes of Inaugural Meeting (9th March 1977)

The chairman for the evening opened the meeting at 8.30pm and welcomed members to the first official meeting of the branch. Matters of procedure on eligibility to propose and second motions and nominations, and to stand for club office were outlined to the members.

1. Acting officers reports.

Acting Membership Secretary/Treasurer Steve Eke reported that the current membership was 24, with a further 22 social members who at one time or another had been to a meeting. It was emphasised that the social members were very welcome, and were in no way regarded as 'outsiders'. Hopefully those social members who had a Triumph machine and were eligible to join as full members would do so.

Referring to the financial situation, Steve Eke reported that the branch had a cash balance of £5.64½ as at midnight 8th March 1977, this having taken account of all expenses (postage). This balance was purely due to the club night collections levied at 10p per head. No credit had been received from HQ in respect to un-expired subscriptions to which the branch was entitled.

Acting chairman Mike Arnesen reported that the response to the setting up of the branch was beyond the wildest of expectations, and this promised well for the future.

Note the cash balance (it's a bit better these days); I always wondered where the ½p came from.

**Mike Arnesen:** I think that you can be proud of what you started.
